Subject: RE: Northern Beaches Council - Community Engagement - Have Your Say 08 March 2019

Hi,
The proposal to place a housing commission block along Sydney Road Fairlight is very short-sighted, until Sydney road to Mosman traffic flow is rectified no extra housing should be attempted, Sydney Road is at capacity and gridlocked for many hours of the day and to place more people and vehicles in this area is as I said short sighted. Council should be looking at the Human Factors involved by placing more and more humans in one area and the consequences of doing this.

Regards

Stephen Leslie
