ATTN:CARLY SAWYER ,

Dear Ms . Sawyer ,

I thank the Council for accepting my submission of July 5th .

In light of recent developments ,I would like to reiterate my concerns about the potential health impacts of this hazardous proposed development . At no stage have the residents of the three complexes that comprise 181 Allambie road been consulted about the proposed project .

No health authority has been on site to discuss potential health impacts with many very ill residents .

There has been no consultation with the residents in the valley below the proposed development .!!!

The development looks like a white elephant anyway .

Yours Faithfully ,

Terrence Flower
