Strongly oppose the lighting proposal for John Fisher playing fields.

There are sufficient lit playing fields already that often sit empty. It is important to keep some areas unlit to stop light pollution being absolutely awful and noise pollution especially for local residents!

Traffic is already a problem and with people travelling from as far s Mosman and Moore Park to use the facilities it will further cause problems with congestion. I think it is unfair that people in the Mosmand and Moore park area can even contribute to the submissions when they are not in our LGA!

Strongly oppose.
