RE: PEX2018/0007 - 1 / 0 Kirkwood Street NORTH BALGOWLAH NSW 2093

Dear Assessing Officer,

I support this proposal as land immediately adjacent to and abutting Manly Dam Memorial Park needs to be kept with at least development as possible to maintain the environmental features of the Park.

By keeping the areas adjacent to the Park as whether as recreational or RE1 the then waterways leading into the Park and thus it waterways are better protected from pollution and soil being carried into the Park.
