Lot ADP 411784 3 Berith Street WHEELER HEIGHTS. NSW
Construction of Senior Housing Units

With regard to the above application.

I live at 54 Rose Avenue and we already have one completed Senior Housing Complex and another under construction with in a very short distance of each other both in the top of Rose Avenue and 3 Berith Street is very close to the junction of Rose Avenue. These buildings have increasing traffic in the area and parking on the street. We have two primary schools, a shopping centre, church, buses going to high schools and a normal bus service , also cars use Rose Avenue to get to Warringah Road and the New Hospital - the War Vets is constructing in Lantana Avenue. I feel we cannot cope with more development and the change it is bringing to the area.
With thanks
Barbara Elgafi
