

To	Northern Beaches Council	Notice No.	1
c/o	Sycorp, Tower B, The Zenith Cnr Railway & McIntosh Street, Chatswood	File Reference	P1.11
From	Conrad Grayson (Landscape Expert)	Fax No.	EMAIL
Project	Warriewood Sector 9 (Stage 1 and 2) 6 Orchard Street, Warriewood, NSW	Date	14/12/18
Subject	Record of Landscape Revisions		
Cc	Mojtaba Tajziehchi	No. Pages (incl.)	1

To Whom It May Concern,

As the Landscape Architect responsible for reporting on the compliance of this project, we seek approval of smaller street trees as nominated below, based on the lack of availability.

The following nurseries were contacted 7<sup>th</sup> of December 2018 for the supply of super-advanced plant stock in the 3 species nominated on the approved plans.

Stage 1

1. Angophora costata, 500Lt, Quantity 7
2. Eucalyptus robusta, 500Lt, Quantity 3
3. Tristaniopsis laurina, 500Lt, Quantity 23

Stage 2

1. Tristaniopsis laurina, 500Lt Quantity 2

None of the below mentioned nurseries were able to procure the stock in the size nominated. The closest match to size and quantity is as follows;

Nursery Contacted	Angophora costata (Stage 1)	Eucalyptus robusta (Stage 1)	Tristaniopsis laurina (Stage 1 and 2)
Alpine Nursery	100 Lt	100 Lt	400Lt
Specialty Trees	100 Lt	0	200 Lt
Winter Hill Tree Farm	0	0	0
Downes Nursery	75Lt	100 Lt	200 Lt
Flemmings Nursery	300Lt	0	0

In summary it is our recommendation to allow the contractor to supply in smaller size as highlighted above.

Yours sincerely,  
Conrad Grayson
