### Officer comments

Council's biodiversity referrals team have assessed the Development Application for compliance against the following applicable biodiversity related provisions:

- Pittwater LEP cl. 7.6 Biodiversity Protection

The Development Application is for alterations and additions to an existing dwelling, which occur largely within the existing footprint. As such, the proposal does not require the removal of trees or vegetation, nor is it likely to impact on nearby biodiversity values. Subject to these conditions of consent, Council's biodiversity referrals team are satisfied that the proposed development complies with the applicable biodiversity provisions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
