RE: DA2021/1146 - 35 Kanimbla Crescent BILGOLA PLATEAU NSW 2107

We have viewed the proposed renovation to 35 Kanimbla Cres and have some concerns about the proposed privacy screen to be added to the extended deck area on Level 2. A structure erected at the end of the decking area will obscure my existing view of Newport Beach from my kitchen window. I support the intention to have a privacy screen as it will benefit both Hilde and Adam as well as us but request that this be reviewed in light of this information. We are very happy that our neighbours have the opportunity to improve their home but hope our view of the beach will not be interrupted.
