HERITAGE COMMENTS		
Discussion of reason for referral		
<p>The proposal has been referred to Heritage as the site is within the proximity of a heritage item, listed in Pittwater LEP 2014:</p> <p>Item 2270014 - Cox House - 356 Whale Beach Road</p>		
Details of heritage items affected		
<p>Details of the item as contained within the Northern Beaches heritage inventory is as follows:</p> <p><u>Statement of significance:</u> It has aesthetic significance as a good example of Australian contemporary residential architecture, exploiting the spectacular views from the site and nestling closely into the cliff face below the Annie Wyatt Reserve. The house won the Sydney Morning Herald Popular House Award in 1990.</p> <p><u>Physical description:</u> "...The house consists of three narrow stacked floors, the uppermost being a roof terrace with a small entry mezzanine and study to the west. The terrace facilitates retained ocean views from the reserve such that the arrival experience is one of minimal change to the setting. The mezzanine study space provides volume to the main living level above to which adjustable louvres allow penetration of light. The planning aligns services spaces of bathroom, stairs and kitchen and a library along the cliff edge to enable living, dining and bedroom spaces, which are located at the middle level, to occupy the ocean frontage. Propping of the timber-framed structure off a narrow ledge at the base of the house allowed retention of mature trees close to the house, enhancing its priority upon minimal environmental impact"</p>
