**RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106**

As a surf club member and volunteering for patrol, I think we need an upgrade to the existing surf club. It is in a great location and I believe updated facilities it will be a great place for meeting fellow members for drinks over looking the beach. We use the club for club functions so it would be great to have the venue area upgraded.

Upgrading the club will be an improvement for training and conducting courses particularly for new members

The change rooms are tired and require an upgrade just like the other surf clubs around us on the northern beaches.

It would be a great move. Thank you
