Dear Sir DA2020/1039 Bus Depot 15 Jubilee Avenue, Warriewood  
I OBJECT to this development.

I am the adjacent owner to this development.

In my opinion:

I think consumers of Blackmore's would be shocked to learn that Blackmores is planning to manufacture or bottle products next to a potentially highly polluted bus depo with buses idling for hours creating diesel soot and exhaust fumes as well as vapours from a 12,500 litre diesel fuel tank across from their facility.

Blackmore's is the only one in the community that appears to be in favour of this because he owns it.
