RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

I am a proud local resident and often use and walk along the beach from Collaroy to Narrabeen and back. I am appalled at the mindless, masculine, shortcut, brutality of this proposed sea wall. It makes the beach a thing separate from the people and the people barricaded from our natural coastline - our salvation - The very reason we choose to live and pay our rates here. I've seen what has happened already and it's ruined the beach and must not be allowed to continue. It is vandalism of a world famous beach under Council care. Please look at other alternatives.
