RE: DA2022/0456 - 62 Myoora Road TERREY HILLS NSW 2084

My concern is access on Myoora Rd. The traffic report does not take into account the proximity of the primary school directly opposite. There is a 40km school zone directly past this proposed entrance all the way down to the German School. Myoora Rd is a major bus route and has become a major entrance and exit to traffic accessing the German School, Public School, Northern Beaches Christian School and the Japanese School. Myoora Rd will be supporting extra traffic with the opening of the new hospital now under construction in the street. It is also currently the entry and exit point to all businesses along Myoora Road that cannot access Mona Vale Road. Myoora Road cannot cope with more traffic and the danger to primary school students is paramount.
