RE: DA2018/1873

To Whom it may Concern,

I write in reference to Condition 7 of our DA Notice of Determination, stating that additional screen planting is to be provided along the south boundary east of the cabin. . .

This was in response to a submission from our neighbour.

The neighbour in question is located on our north boundary, we do not have any immediate neighbours on our south boundary.

We would therefore request that the condition to be amended accordingly.

Yours sincerely,

Michael Dean-Jones
