**RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102**

As a long term resident living in the area with my young family we are heavily already affected by the increasing traffic and chaos caused by the already over developed area.

The only way out of our street is along Jubilee ave and during peak times of the day the back log of traffic from the all the factory workers,swim schools,child care centers,Private hospital and indoor play centers is beyond ridiculous to see.

In an emergency there is only one way out and the traffic will only become more dangerous if this development gets approved.

I am strongly against this proposal I would highly ask you to decline their submission.  
Thanking you Kelly Kentwell
