RE: DA2018/1481 - 1 / 0 Veterans Parade NARRABEEN NSW 2101

I strongly object to the erection of this tower due to the associated potential health risks. Regardless of whatever the current accepted levels of emissions are, long term exposure is of great concern especially considering that this tower would not only be close to residents but also to the LITTLE DIGGER PRESCHOOL, which is located within the RSL WAR VETERANS VILLAGE NARRABEEN, Edmondson Drive, Collaroy Plateau and local schools.

In addition this tower would not be in keeping with the natural beauty of the area and would therefore be a blight on the surroundings.
