**RE: PEX2020/0002 - 5 Bowling Green Lane AVALON BEACH NSW 2107**

Very supportive of Avalon Bowlo & this change of zoning & reclassifying, as long as it means the land is protected from development, and remains in public hands for the future. Thank you for suggesting this proposal. It is a win for the Avalon community. Would like to see a few more native trees and bushes planted around the perimeter by NBC/Bowlo to enhance the area & provide habitat for local fauna (without interfering with the greens or boules area).
