Mixed Waste	5			mini-skip

Note: waste transfer station not specified due to demolition contractor being unknown at this stage

### Section 3 - Use of Premises

Type of Waste to be Generated	Expected Volume Per Week (litres)	Proposed On-Site Storage and Treatment Facilities	Destination
Glass and plastics	20 litres	Yellow Bin - 120 litres	Collected by Council's contractor
Green waste	20 litres	Green Bins - 240 litres	Collected by Council's contractor
General waste	50 litres	Red Bin - 240 litres	Collected by Council's contractor
Paper and Cardboard	30 litres	Blue Bin - 120 litres	Collected by Council's contractor

### Section 4 - On-Going Management

The occupants will be responsible for the on-going management of waste, by utilising the storage and collection facilities provided by Council.

There is to be a waste cupboard located under the kitchen sink whereby general house waste and re-cyclable plastics, glass and cardboard are to be temporarily stored before transfer to council's green, red, blue and yellow bins

Bins and are located at Morgan Road entrance some 166m away from the house
