RE: DA2020/0514 - 1 B Bolingbroke Parade FAIRLIGHT NSW 2094

To the Assessing Officer,

I am a firm believer that history should be taken into consideration when reviewing a submission. The Treharne family have a great family history at the Manly Boatshed going all the way back to 1945. It has been a family owned business that has served the local community ever since. And with that belief, I support the proposed DA and believe that the current generation and future generations should be able to utilize the location and services that the Manly Boatshed has to offer for the next 75 years.

You see many private residents surrounding the Manly Boatshed being offered the same opportunity to bring their own properties from original 1900's to 2020 trends and upgrades. Why shouldn't the Manly Boatshed be offered the same opportunity, especially when the proposed upgrades to the Manly Boatshed provides positive amenities to its current members and the surrounding community. Manly has seen many seaside establishments been given the same opportunities that Manly Boatshed is seeking, the likes of Manly Wharf and also Manly Skiff club to name a few.

Manly attracts both Global and Local visitors to the area and one of the main reasons for these visitors to visit Manly is the water, be it the harbour or the ocean. Manly Boatshed proposed works will enhance the existing site and complement the surrounding pristine environment, including; Floating pontoon, New amenities, Noise reduction from the removal of industrial work performed on slipways, Safe water access, a small kiosk to service customers of Manly Boatshed and the walkers along the spit-to-manly walk along with local residents. I support the Manly Boatshed proposed DA2020/0514.
