RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

I supremely hope that this application is not allowed to proceed. Not just because of the incredible amount of disruption to the traffic flow of the bends, but the precedent it serves in undermining the natural environment of the area. Allowing this application to proceed would promote over-development above all else and would relegate any importance to the fauna and flora that make this part of the world so amazing. Losing the fabric of the natural community via over-development is an abhorrent idea and I hope that this application is rejected.
