RE: DA2020/0484 - 7335 / 1152473 Hakea Avenue FRENCHS FOREST NSW 2086

RE: DA2020/0484

I am requesting an extension for the close of submissions for this DA as there has been insufficient time for consultation between the local community and Northern Cemeteries. The first community consultation session regarding this development is being held on Thursday 18 June at 10am, the day prior to the closing of submissions. As this is a work day, myself and many of the neighbours cannot attend. I have written to them about changing the time however was told that 'that is when the presenters are available'. Seems like there is a real lack of genuine interest to consult with the local residents and community. Previously to this forum meeting letter (dated 9 June), we have only received a marketing flyer about the features of the proposed chapel. I therefore think it is imperative that the local community be properly consulted on such a significant development.

Kind Regards
Gabrielle Smith
