RE: DA2020/1163 - 24 Wandeen Road CLAREVILLE NSW 2107

I wish to object to proposed development DA 2020/1163. It would appear that the proposal fails to comply on several fronts. My main concerns relate to the many impacts on the environment. The removal of large trees would have a serious effect on wildlife, as well as on the appearance of the street and the whole area. Also the size and scale of the proposed building, is totally out of character with the natural environment and would look quite ridiculous and out of place. It would appear that the Macmansion is aimed at making money and doesn't reflect the interests or tastes of those who live in this area. Of further concern is the totally undesirable precedent it would set. We have lived here for 14 years and this is one of the worst proposals I have seen. So in summary, this DA should certainly not be approved.

Sincerely
Peter L D Loxton
