RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

This development application should be rejected due to:
Its bulk and scale and its overshadowing of the planned pedestrian plaza.
Its use of the planned pedestrian plaza as a vehicular access to its car park

This development and all other proposed developments for Robertson Rd should be held in abeyance until Council's design for a dedicated pedestrian plaza , according to the Masterplan's vision, is available,
