Hi,

To whom it may concern,

As I reside in belrose and are local to the community, I suggest moving along with the proposal and development as it will bring safety security and job opportunities in the area. It will be great to add extra commercial and retail services for the area to complement Glenn Ross shopping centre.

Further more the current state it is in has been stale for 5 years attracting young youth to hang around smoking/drinking and do graffitis.

Thank you

Kind Regards,
Shant Hekimian
