RE: DA2019/1173 - 3 Berith Street WHEELER HEIGHTS NSW 2097

Re Berith St Development

I oppose this one with still as much passion as the previous 2 approved in Rose Ave and Lantana Ave. The over development of our suburb is pure greed.

I share my drive with the currant development from #44. Life is damn unpleasant living next to this. Relentless Traffic, Trucks, Dust & constant Noise. All our doors and windows need to be shut whilst the digging for the underground carpark works is in progress. Double Trucks are lining Rose Ave and Veterans Pde waiting to load from the site. Then the trucks reverse from Berith into Rose, then down the long drive. The Traffic builds up on Rose Ave and a jam of cars and buses must wait for the trucks to manoeuvre the entry.

I would like to further add to this submission 22/11/19
