RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

Already major traffic issues in morning and evening peak. As a member PUC church facing a development application Through our right of way which would increase traffic flow in the area, see this a the worst possible application. Congestion, bank ups. What about emergency vehicles held up from need. As a retiree living at Warriewood Brook, this concerns our future safety.
