Dear Council,

I am referring to the recent changes made to the plans of the Palm Beach apartment shop complex next to Barrenjoey House. The changes in my view are insufficient, the building is too big and bulky, the design is out of character for the area and creates an eyesore to one of Sydney's most attractive and iconic areas. I find the developers changes minimal and insulting. They have clearly not heard and/or choose not to understand the communities objections.

Regards

Janine Moller
