Job Service Report

JN-289737

Client Work Order Number	
Client Name	Inten Constructions
Site Location	12 Lagoon Street, WOOLWORTHS NARRABEEN, Narrabeen, NSW, 2101
Description	<p>We require a store water investigation to be completed for the council engineer as part of our DA.</p> <p><u>PLANS IN DOCUMENTS ATTACHED</u></p> <p>For the DA assessment, council engineer has request below additional info to be provide prior to 11 May 2022.</p> <p><i>Council's systems indicate that there is a stormwater pipe extending from Wellington St to the carpark within the site in close proximity to the proposed works. As the ownership of the pipe is unclear Council's stormwater engineer has requested the following additional information:</i></p> <p>Clarification of the ownership of the pipe via the plan showing the drainage system for the site to indicate if only private drainage is connected to the pipe.</p> <p>Capture the stormwater pipe within the Woolworths carpark.</p> <p>Size of inter-connection pipes between pits.</p> <p>For the DA assessment, council engineer has request below additional info to be provide prior to 11 May 2022.</p> <p><i>Council's systems indicate that there is a stormwater pipe extending from Wellington St to the carpark within the site in close proximity to the proposed works. As the ownership of the pipe is unclear Council's stormwater engineer has requested the following additional information:</i></p> <p><i>Clarification of the ownership of the pipe via the plan showing the drainage system for the site to indicate if only private drainage is connected to the pipe.</i></p> <p>Allow for plumber to attend site with CCTV to confirm ownership for council request</p> <p>Attend site in normal hours, trace storm water drainage as per plans provided</p> <p>Provide report back to Inten</p>

Tradespersons Notes	
16/5/2022 Chris Treiber	Arrived on site signed in and assest SW draining within CP. Set up barriers and opened up SW pits and took measurements of inlet and outlet. Set up hose and carried out dye testing to confirm pipe direction and flow. Drew SW diagram. Spoke to Mel on site and David over the phone to ensure we got all the infoe they have requested. Cleaned up and signed out
16/5/2022 Michael Attard	Arrived on site signed in and assest SW draining within CP. Set up barriers and opened up SW pits and took measurements of inlet and outlet. Set up hose and carried out dye testing to confirm pipe direction and flow. Drew SW diagram. Spoke to Mel on site and David over the phone to ensure we got all the infoe they have requested. Cleaned up and signed out
