# **NORTHERN BEACHES COUNCIL**

# **Waste Management Plan**

(For development in the area of WLEP 2011 and WLEP 2000)

This plan is to be completed in accordance with Council's

# **Waste Management Guidelines**

(For development in the area of WLEP 2011 and WLEP 2000)

Effective Date: 25 October 2016

#### **TABLE OF CONTENTS**

| Purpose of the Waste Management Plan                                   | 2   |
|--|-----|
| Structure of the Waste Management Plan                                 | 2   |
| Applicant and Project Details  | 3   |
| Section 1 – Demolition   | 5   |
| Section 2 – Construction   | 7   |
| Section 3 – On-going waste management for one or two dwellings         | . 9 |
| Section 4 – On-going waste management for three or more dwellings      | 10  |
| Section 5 – On-going waste management for non-residential developments | 11  |
| Section 6 – Private roadway developments                               | 12  |

### **Purpose of the Waste Management Plan**

This Waste Management Plan (WMP) will detail the arrangements for waste management during all stages of development and occupation.

The WMP must be completed in accordance with the Waste Management Guidelines (Guidelines).

A completed WMP is a mandatory requirement for any Development Application (DA) submitted under WLEP 2011 or WLEP 2000. DAs that are submitted without a completed WMP will be rejected or refused by Council.

### Structure of the Waste Management Plan

All applicants are required to complete the 'Applicant and Project Details' part of the WMP and include it with the relevant Sections that apply to their proposed development.

The WMP is divided into Sections and applicants are only required to complete the relevant Sections in accordance with the Guidelines. The table below identifies which Sections are relevant to which development types.

For example, if the proposed development was to include demolition of an existing structure and construction of a single dwelling, the relevant Sections would be Sections 1, 2 and 3.

| Section  | Development Type^                   |
|--|-------------------------------------|
| Section 1 – Demolition                               | All                                 |
| Section 2 – Construction                             | All                                 |
| Section 3 – On-going waste management for one or two | One or two dwelling developments    |
| dwellings  | Mixed-use developments containing   |
|  | one or two dwellings                |
| Section 4 – On-going waste management for three or   | Three or more dwelling developments |
| more dwellings                                       | Mixed-use developments containing   |
|  | three or more dwellings             |
| Section 5 – On-going waste management for non-       | Commercial developments             |
| residential and mixed use developments               | Industrial developments             |
|  | Mixed-use developments              |
| Section 6 – Private roadway developments             | Private roadways                    |

<sup>^</sup>Note: the definitions of the development types are provided in Section vi of the Introduction to the Guidelines

# **Applicant and Project Details**

Complete this page and the relevant Sections that apply to your proposed development.

| Description of proposed development: | First Floor addition, internal changes |
|--------------------------------------|--|
| Structures to be demolished:         | 0                                      |

#### **Applicant Declaration**

#### I declare that:

- 1. This plan has been completed in accordance with the Waste Management Guidelines
- 2. To the best of my knowledge, the details on this form are accurate and correct

#### I understand that:

- All records demonstrating lawful disposal of waste will be retained and kept readily accessible for inspection by regulatory authorities such as Council, NSW Environment Protection Authority or WorkCover NSW.
- 2. A bond in accordance with Council's fees and charges may apply to this development and must be paid to Council prior to any works commencing.
- 3. The bond will only be refunded when Council is satisfied that all waste outlined in this plan has been managed as per the plan, and evidence such as photos, receipts and statutory declarations must be supplied where appropriate.

Signature of Applicant:

Date

#### Section 1 - Demolition

This section must be completed in accordance with 'Chapter 1 – Demolition' of the Waste Management Guidelines

| MATERIALS<br>ON SITE         | DESTINATION  Evidence such as weighbridge dockets and invoices for waste disposal or recycling must be retained on site for inspection |  |   |                        |   |    |
