**RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097**

I have looked at the submission and, assuming that it is generally in accordance with the planning controls, I tender my support of application as a worthwhile solution to this challenging site which is long overdue for renewal.

I think that the creation of public access from Alexander St to Collaroy St is a very worthwhile as it will assist the activation of this very important commercial/retail area of Collaroy. The additional public parking will also assist.
