**RE: DA2020/0264 - 57 Myoora Road TERREY HILLS NSW 2084**

I wish to submit an objection to the proposed DA at 57/59 Myoora Rd Terrey Hills my reasons are as follows.

The proposed development is in an area zoned light industrial which has been so for a number of years but this proposal is NOT light industrial.

Continuous NOISE moving concrete related goods such as reinforcing mesh and rods as well as concrete and blocks cannot be loaded or unloaded quietly.

There will be many more truck movements both heavy and light.

Airborne pollution from cement dust and diesel heavy vehicles.
