**RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085**

Thank you for the opportunity to make this submission, as I stated in my first submission, this is a wonderful development that will add value to the area and allow for more diversity and amenities and much needed housing supply to the area. This development will create much needed jobs for the local community and the State. I am 100% in favour of this development and encourage Council to approve the development. Thank you.
