RE: DA2025/0573 - 4 Kunari Place MONA VALE NSW 2103

The frustrating thing with these developments is there is never enough carspaces build into the development for the units that they build. Ea unit needs to provide a min of 2.5-3 car spaces to accommodate their cars and storage space
Park street is a nightmare as it is to drive through due to the cars Payless either side of road.
There's no room for more car parking in the street
