Subject: Mona vale markets

Dear sir,

In reference to the new Mona vale markets at the RSL club, I wish to voice my support for an earlier opening for trading time from 8.30 to 7.30am.

This is for a number of reasons:

1. Particularly in summer when people want to venture out earlier or go to the beach (nippers etc) it is inconvenient not to have the vendors able to begin sales until the latish starting time of 8.30am.
2. As this is primarily a food market, trading from 8.30 means it is past the usual breakfast time resulting in frustration for both customer and trader! 7.30 would be a more appropriate breakfast time.
3. At all other markets I attend trading commences around 7.30am, which suits both trader and customer, and since the current trading time of 8.30-12.30 is very restrictive for everybody it would be a logical move to extend it at least by at least an hour.

The current set-up is short sited and restrictive to both the traders and customers, and as ratepayers, I would be requesting a more conducive arrangement.

Thank you for your urgent attention to this matter.

Yours sincerely,

Grant and Jessica Jackson.

(Traders - Bubawear)
