Hi [REDACTED],

I have raised previous concerns about the previous DAs that Direct heavy vehicle traffic into the school zone. I wish to raise those concerns again about the heavy vehicle access plans. Will Truck be leaving the site into the school zone opposite Terrey Hills Public School on Myoora Road or will they all be turning left out of the site onto Mona Vale Road then left down Cooyong left onto Myoora also through the school zone and school bus stops?

Neither of these options are safe for our local residents and local young people. So what is their plan?

Regards

[REDACTED]
