**RE: DA2019/0713 - 65 Prince Charles Road FRENCHS FOREST NSW 2086**

To whom this may concern,

As residents living within the notification area we support the development application. Seeing the shop activated again with passing foot traffic can only be a positive for the area in addition to the convenience and diversity of its service offering.

There is certainly a lot of support within the community and the local residents for this development application and we hope an approval ensues.
