RE: DA2019/1190 - 9999 Pittwater Road BROOKVALE NSW 2100

This is a great initiative and about time the facilities in the northern beaches are updated and upgraded. This shouldn't stop here a full redevelopment of the Brookvale park precinct is needed. This provides the people of the Northern Beaches and wider northern Sydney area premier sporting and community facilities that they can be proud of. This will allow for greater sport participation for boys and girls, more community facilities and areas attract people to the northern beaches area in turn growing the local businesses and assisting jobs to the area
