RE: DA2021/2567 - 60 Federal Parade BROOKVALE NSW 2100

I wish to object against proposed development Application Number: DA2021/2567. Cars for St Augustine's school already block consul road, Gulliver street and Federal Parade, especially during peak hours in the afternoon. This has a huge impact on the community who live here who also have children to pick up from other schools and daycare centres. The roads around the school are already packed and dangerous, with no proposal from the school to manage the traffic with an increase of students this will only get worse.

There will also be a huge increase in noise from not just the extra traffic but the extra students too.
