**Subject:** Support for Hugos DA 2020/0962

To whom it may concern,  
I would like to support the Hugos extension of the existing deck area as per the submitted DA. Hugo's is a locally owned and operated restaurant with a world class kitchen and staff. It is my favorite dining location in Manly for both myself and family and consider this facility to be a major Manly service to the local community.  
The venue is professionally run and operated, and I see the extension of the deck as a plus to all residents in the area  
Regards
