RE: DA2021/0212 - 5 Skyline Place FRENCHS FOREST NSW 2086

I have loved living in the Forest area for the last 40 years so I am very excited that I have purchased a unit in the Jardin complex. I am very confident that this will be a lovely place to live and once the planned landscaping has been completed it will prove to be an asset to the area.

An over 55 is a much need complex in the Forest area and will free up much needed family homes for younger families.

I have every confident that Platino Properties will develop this area into something we can all be proud to call home and that the current neighbourhood will benefit from a beautiful landscaped area.
