Dear Sir,

RE: DA2018/1602 - 57 ROBERTSON RD. SCOTLAND IS.

In response to the objections raised by my neighbour Mr Speter I would like to say the fence is to help contain my dog on my land. At present I have not brought my dog to my house because I have no way of leaving it safely outdoors.

The fence down towards the water will be made of open wire and I shall encourage vines to block the view of Mr Speter's above ground timber steps running down my boundary to the waterfront. I was not offered the opportunity by Council to comment on this structure before it was built.

The timber fence provides privacy to me and my family in my main outdoor area, and privacy to the Speters coming and going through their front door directly opposite. It also gives me a degree of privacy from neighbours crossing my property as a short cut to each other's houses.
