**RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107**

I object to the density of this development, the increase in traffic it will result in for a once quiet street and the loss of a huge number of trees. Trees benefit the whole community and we are witnessing their loss across Pittwater since amalgamation and the preservation of trees that we had under the previous council is death by a thousand cuts !ZSXY2T
