I am a member of a number of local pickleball clubs including Northern Beaches Pickleball club which has grown at an astonishing rate to almost 1,000 members - now making it the largest pickleball club in Australia!

The Northern Beaches need more and more pickleball venues and courts to accommodate this massively growing sport - which is arguably the world's fastest growing sport.

Pittwater RSL have obviously done their homework well and this outdoor sports initiative will be a godsend for ALL ages within our community.

This is a fantastic initiative for the local community to help cater for the fastest growing sport in Australia. Low impact, low noise, inclusive of all ages, genders and abilities (particularly seniors) I can't think of a better use for redundant car parking space.

Well done Pittwater RSL in supporting one of the world's fastest growing sports and the local community's recreational infrastructural growth.
