### Officer comments

<b>HERITAGE COMMENTS</b>
<b>Discussion of reason for referral</b>
<p>The proposal has been referred to Heritage as the site is part of a group listed heritage item, being Item I106 - Group of commercial buildings - All numbers, The Corso. The site is also located within the C2 - Town Centre Conservation Area and in the vicinity of a number of heritage items:</p> <p><b>Item I113 - St Matthews Church and church hall</b> - 44 The Corso (corner The Corso and Darley Road)</p> <p><b>Item I104 - Street trees</b> - The Corso (from Whistler Street to Sydney Road)</p>
<b>Details of heritage items affected</b>
<p>Details of the heritage items as contained within the Manly Heritage inventory are:</p> <p><b>Item I106 - Group of commercial buildings</b> <u>Statement of significance:</u> The streetscape and its special qualities are of major significance to the state. The Corso has important historical links to the development of tourism and recreation which is still present and likely to continue. It's role as the pedestrian link between harbour and ocean, city and sea - for the tourist, is fundamental to Manly's status as a resort.</p> <p><b>C2 - Town Centre Heritage Conservation Area</b> <u>Statement of significance:</u> The Manly Town Centre Conservation Area (TCCA) is of local heritage significance as a reflection of the early development of Manly as a peripheral harbor and beachside village in the fledgling colony of New South Wales. This significance is enhanced by its role as a day-trip and holiday destination during those early years, continuing up to the present time, and its association with H G Smith, the original designer and developer of the TCCA as it is today. The physical elements of the TCCA reflect this early development and its continued use for recreational purposes, most notably the intact promenade quality of The Corso and its turn of the century streetscape, as well as key built elements such as hotels, and remaining original commercial and small scale residential buildings.</p> <p><b>Item I113 - St Matthews Church and church hall</b> <u>Statement of Significance:</u> The church is a well consistently detailed but sombre example of Interwar Gothic style. The interior detailing and fittings are of a high quality of design, exhibiting a contrasting lightness to the exterior. As this building is seen in the round, the spatial effect on the north eastern side is of significance</p>

and it makes an important landmark and identifies the junction of the Corso with Darley Road. It makes a major contribution to the Corso.

**Item I104 - Street trees**

Statement of significance:

Part of earliest planting on The Corso c.1850's by H.G. Smith. Historic and aesthetic importance to the streetscape

**Consideration of Application**

The proposal seeks consent to modify the approved DA2024/0539 to amend the approved plans to achieve the retention of an existing internal wall (structural) that was proposed to be removed; and the removal of an ATM bunker door and nib wall.

The proposed retention of the existing wall between 15A and 17 The Corso is supported as this wall is part of the original fabric. The proposed removal of the ATM bunker door and nib wall and the reconfiguration of the internal layout will not impact the heritage item or its significance. It is noted that the proposed external colours and finishes have not been provided.

Therefore, no objections are raised on heritage grounds, subject to one additional condition to Condition 7-Fascia signage of DA 2024/0539.

Consider against the provisions of CL5.10 of Manly LEP 2013.

Is a Conservation Management Plan (CMP) Required? No

Has a CMP been provided? No

Is a Heritage Impact Statement required? Yes

Has a Heritage Impact Statement been provided? Yes

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

**Recommended Heritage Advisor Conditions:**

**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE**

**External finishes and colour scheme**

Details of the external finishes and colour scheme must be submitted to Council for approval, prior to the issue of the Construction Certificate.

Reason: To ensure the finishes and colour scheme is appropriate within the significant heritage context.
