Subject: Application Number DA2020/0393

For the attention of: Council Officer – Development Approvals

Re: DA2020/0393 (28 Lockwood Avenue Belrose on the former Belrose Library site)

How shameful! How did this prime piece of real estate fall into the hands of a developer who is hell-bent on building an inappropriate construction that is completely out of character in this locality?

In 2017 there were 205 submissions received by Council with 203 of them strongly apposed to this planning proposal (PEX2017/0007). The key issues raised then are still relevant.

Hopefully Council will appose this DA and stop it completely and save us, the local residents, going through the same process of submitting objections all over again.
