RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

The reason for this tower appears to be solely based on commercial reasons for Optus. For the impact for the people and the environment (both documented and undocumented or unknown) at the site and surrounding areas, this applications should be declined. This perhaps prompts SingTel to improve their technology on existing towers.
