RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

I have concerns on the impact this application will have on the native animals and structural integrity of the hillside and main road This will likely be similar to the property south on the bends where the suspected illegal driveway has caused millions of water damage opposite the said property

This land and other adjacent are not suitable for development and should never been permitted for housing

Traffic issues also to tens of thousands of residents living north of the development as well as issues with responding emergency services vehicles
