RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106

I support the recommendation of Newport SLSC in making improvements to the existing building to bring it up to date and also the general improvements to the external surrounds for accessibility .

Some points in support :-

I support the Newport Surf Life Saving Club's proposed Clubhouse renovations for the following reasons:

NBC, as the elected Council, has fully supported and sponsored the Newport SLSC's Club Renovations DA on behalf of the wider community and the surf club. As a local resident/community member, we object to the SNPP usurping the Council's responsibility to reasonably maintain critical community assets.

The decision to deny the Council the ability to install coastal protection works in front of the existing heritage-listed Newport SLSC Clubhouse will result in the ultimate potential destruction of this vital community asset and the traditional home of the Newport Surf Club since the 1930s.

The DA proposal incorporates necessary coast engineering protection measures for the existing Clubhouse, which must be undertaken as a priority to avoid the potential for significant damage or the possible destruction of our Clubhouse due to a significant storm event. These coast protection works are essential to maintain public safety and are required regardless of whether the Clubhouse is renovated and should be undertaken as soon as practically possible.
