RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084

Please consider moving the truck entry/exit to Mona Vale road. It's current position on Myoora road is too close to the school and roundabout.

Myoora and Cooyong roads are already congested. Trying to exit Currong Circuit is difficult most days and having more traffic with the hospital will make it more dangerous. I'm not against the development I am. However, I am interested in the safety aspect for the community.
