**RE: DA2020/1639 - 158 Crescent Road NEWPORT NSW 2106**

We wish to advise Council that we support the application. We consider the application has merit should be approved because we do not consider there is any negative effects to us, our neighbours or the environment should the application be approved by Council.

We also consider the addition of the seawall a significant improvement to the amenity of the bay.

Regards,  
Martin Payne and Lynn Loveday
